UN INGEGNERE CERTIFICATO VALE DI PIÙ

DURING BARCELONA 1st INTERNATIONAL FORUM ON PROFESSIONAL ENGINEERS WE LUNCHED AN IDEA!

WORK TOGETHER TO CREATE A NEW COMMON LANGUAGE IN CERTIFICATION OF COMPETENCIES FOR ENGINEERS

IN EUROPE AND WORLDWIDE MANY PROFESSIONAL ORGANIZATIONS WORK TO CERTIFY THE COMPETENCIES OF THEIR ENGINEERS

CREATE A COMMON PLATFORM OF COMPETENCIES
CERTIFICATION, WITH THE AIM OF PROMOTING THE
VALORIZATION OF ENGINEERS WORLDWIDE, WITHOUT
DISTINCTION OF BORDERS AND TO ALLOW THEIR FREE
MOBILITY IN A SHARED LABOR MARKET

A GROUP OF INTERNATIONAL ORDERS AND BODIES JOIN WITH THE OBJECTIVE OF CREATING TOGETHER A COMMON PLATFORM IN THE CERTIFICATION OF COMPETENCIES

WE ALL RECOGNIZE THAT COMPETENCIES-BASED AND KNOWLEDGE-BASED QUALIFICATION SYSTEMS ARE THE MOST EFFECTIVE AND ARE BETTER THAN SYSTEMS BASED SOLELY ON ACADEMIC SKILLS
